

600 Cuddy

600 Cuddy

The 600C is a hard charging, flat cornering sports fishing boat with few peers. Rigged with single, or twin outboards and petrol or diesel sterndrives, the 600C has no limits. The 600C has been designed by naval architects using CAD/CAM technology so whether you are crossing a bar or fishing where others fear to go, the Northbank will be sure footed, responsive and will fill you with confidence. An extensive list of standard features make the 600C an excellent value boat. By adding some of our factory fitted options, the 600C can be set up as a serious offshore fishing weapon.

Standard features
